Michael Eide, MD

## Remember the **WONDERFUL WORLD OF** *Color?*

It doesn't seem that long ago that your favorite programs were broadcast only in black and white. Do you remember how amazing everything looked when you saw them in color for the first time? And now, high-definition digital technology makes the images we see on the TV incredibly sharp and clear.

***Unless you have cataracts.***

While improvements in technology have made watching TV a much more enjoyable experience, cataracts can make it difficult to

appreciate the difference. Over time, cataracts may gradually make your favorite programs—and everything else in your life—look increasingly blurred, dull, fuzzy, and washed out.

Buying a new TV won't solve this problem. You'll need an experienced cataract surgeon you can trust who will restore color and clarity to your world. Call our office today to schedule your cataract consultation.

## **MEET** *our* **NEW DOCTOR**

It's our pleasure to introduce the newest member of the Ophthalmology LTD team, **Jonathan Erickson, MD, MS**. Dr. Erickson is fellowship trained in state-of-the-art glaucoma management/surgery and cataract surgery.

Dr. Erickson enjoys spending time with his family, as well as hunting, fishing, golfing, and other outdoor activities. Call (605) 336-6294 to schedule an appointment with Dr. Erickson today.

# CATARACT SURGERY at Ophthalmology LTD is:

**CONVENIENT** – Your cataract procedure will be performed in our outpatient surgery center, located onsite. The surgery itself takes only a few minutes, and in very little time, you'll be back in the comfort of your home.

**COMFORTABLE** – From the moment you arrive at our eye surgery center, we work to make your entire experience relaxing and pleasant.

**COMPASSIONATE** – You will receive personalized attention from the same people who have been taking care of you in our office. We understand how important your vision is to you and treat every patient like they're our only patient.

Take Your Health Home  
with **My Online Clinic**  
@[www.ophthalmologyltd.com](http://www.ophthalmologyltd.com)

Easily keep track of your health away from the doctor's office. Create your **My Online Clinic** account to:
